Saint Edward High School vs. Thurgood Marshall	1/10/26	Prepared by: Coach Donelon

Thurgood Marshall Academy enters Day 2 of the Burger King Classic with an overall record of 2–5. This is a true lunch-pail game—our focus must stay locked on St. Edward, our habits, and our standards. No distractions. On the defensive end, Thurgood Marshall Academy will show a mix of 2-3 zone and man-to-man, and they have also flashed 2-2-1 full-court pressure to disrupt rhythm and tempo. On the offensive end, Thurgood Marshall struggles to handle consistent pressure and can be forced into careless turnovers. They rely heavily on drive-and-kick action, dribble-drive penetration, and ISO ball to create scoring opportunities. The emphasis for us: no let-up for 32 minutes. Value each possession, apply pressure without fouling, and stay disciplined. If we concentrate on who we are and how we play, the execution will follow.

STARTERS

RIGHTY — **SENIOR**

#5 Julian Harris — **5'9**

Score-first point guard who is comfortable shooting off the dribble and catch-and-shoot from the perimeter. He looks to create his own offense, but can over-dribble, leading to mistakes. Defensively, he will gamble for steals and leak out in transition, so awareness and ball security are critical.
When attacking the rim, he solely wants to finish going RIGHT and will settle for an off-the-dribble jump shot if cut off. FORCE HIM LEFT and make him a decision-maker in traffic.
Vs. Prep: 8-for-20 FG, 1-for-5 from 3, 17 points, 7 turnovers.

RIGHTY — **SENIOR**

#21 Chace Peters — **5'10**

Slow-footed guard with a big body who saw limited action. He is a drive-first player and is not looking to shoot from the outside, preferring to put the ball on the floor. He wants to drive RIGHT to initiate offense. We need to attack him off the dribble and test his lateral quickness on both ends. Against Prep, he finished 1 of 2 from the field with 1 rebound.

RIGHTY — **JUNIOR**

#15 Londyn Hill — **5'11**

Drive-first guard who looks to attack downhill off the bounce and can be pressured into turnovers when forced to handle traffic. Around the rim, he will use a floater to score but solely wants to drive RIGHT to finish—take that away. He does not finish well through contact, so wall up and be physical. Despite limited scoring touches, he is active on the glass.
Vs. Prep: 0-1 FG, 5 rebounds.

RIGHTY — **SENIOR**

#12 Amur Kirston — **6'0**

Active player who moves well without the ball, consistently cutting to the rim to create scoring opportunities. Offensively, he is drive-first, looking to attack gaps and get downhill, with a tendency to finish going to his RIGHT. When cut off, he is comfortable pulling up off the dribble for a mid-range jump shot, but he is not looking to shoot from the perimeter. With ball pressure, he can be sped up and forced into turnovers, making on-ball pressure important.
Vs. Prep: 3-for-4 from the field, 4 rebounds.

RIGHTY — **SENIOR**

#4 Aline Sall — **6'2**

Out-of-control, drive-first wing who looks to attack downhill and can force tough shots when sped up. He does a good job moving without the ball, cutting hard to the rim to create scoring opportunities, and is very active on the glass for second-chance points. Force him LEFT and keep him out of the paint to limit his effectiveness.
Vs. Prep: 2-of-5 from the field, 0 three-point attempts, 4 rebounds.

RIGHTY — **SENIOR**

#3 Matthew Clark-Platt — **6'2**

Undersized big who plays with toughness and activity around the rim. From the right block, he is looking to attack baseline, while on the left block he will face up or drive middle. He is active on the glass and will look for offensive put-backs, creating second-chance opportunities. Moves well without the ball by cutting hard to the rim. Can be pressured into turnovers when forced to make quick decisions.
Against Prep: 5-of-8 from the field, 1 rebound.

RIGHTY — **SENIOR**

#2 Eric Bush — **6'3**

He is a physical forward who looks to play downhill and initiate contact. Off the catch, he solely wants to drive RIGHT, and our primary focus must be to force him LEFT and take away his preferred angles. When pressured, he can be sped up into turnovers and has a tendency to take off-balance, low-percentage shots when he gets out of rhythm. Despite his efficiency against Prep (6-of-8 from the field), he also committed 7 turnovers, showing he can be disrupted with physicality and discipline. He is very active on the glass (9 rebounds), so we must eliminate paint touches, wall up early, and keep him off the boards.

RIGHTY — **JUNIOR**

#14 Peter Lee — **6'5**

Lanky wing who provides solid on-ball defense and will gamble for steals, looking to disrupt passing lanes. Offensively, he is a drive-first player who is primarily looking to finish going to his RIGHT, but he can step into catch-and-shoot opportunities from the perimeter when left open. Keep him in front and contest all shots, forcing him into tough finishes and limiting clean looks.

RIGHTY — **SENIOR**

#22 Bryce Ozuna — **6'6**

Strong post presence who was very efficient against Prep, going 4-for-4 from the field with 4 rebounds. From the left block, he will face up or attack baseline, and from the right block he is baseline-oriented as well. He is active on the glass, creating second-chance opportunities, and is comfortable stepping out to knock down a mid-range jump shot from the foul-line extended. Defensively, we must wall up on his drives, eliminate paint touches, and keep him off the glass to limit his impact.
